

Aeden Bakes — B2B Ordering Platform

Custom iOS & Android ordering app + web admin panel for business customers — ordering, delivery slot booking, payments, credit management and production planning.

Prepared by Shishir Babu	Date June 2026	Delivery timeline 12-14 weeks	Validity 30 days
-----------------------------	-------------------	----------------------------------	---------------------

Scope of Delivery

Customer mobile app	iOS + Android — catalog, calendar & slot booking, checkout, order history, GST invoices
Payments & credit engine	Full / part / credit payment, per-customer limits & periods, live ledger, auto reminders
Admin panel (web)	Daily product & capacity control, auto production sheets, receivables, role-based access
Store deployment	Published live on Google Play Store and Apple App Store, in Aeden's name

Development Investment

Phase-wise payment — each amount is due only after the milestone is demonstrated working.

MILESTONE	YOU SEE, BEFORE YOU PAY	WHEN	AMOUNT
Kickoff	Signed scope — development begins	Week 0	₹ 50,000
Phase 1 — Core Ordering	Working app on your phone: catalog, slots, ordering, admin board	Week 4	₹ 60,000
Phase 2 — Payments & Credit	Razorpay live, part-pay, credit engine, ledger, GST invoices	Week 7	₹ 60,000
Launch	Standing orders, notifications — live on Play Store & App Store	Week 12-14	₹ 55,000
Total build investment			₹ 2,25,000

Market Comparison

	MID-TIER AGENCY	FREELANCE TEAM	THIS PROPOSAL
Build cost	₹ 8-15 lakh	₹ 4-7 lakh	₹ 2,25,000
Timeline	4-6 months	4-8 months	12-14 weeks
How	Layered team, overheads	Variable quality, weak accountability	AI-accelerated build, one accountable builder, same enterprise stack

PLATFORM & RUNNING COSTS

What Aeden Pays the Platforms

All accounts registered in Aeden's name and paid directly by Aeden — no markup, no hidden charges.

ITEM	YEAR 1	YEAR 2 ONWARD
Google Play Store	₹ 2,100 (one-time)	—
Apple App Store	₹ 8,500 / year	₹ 8,500 / year
Supabase (database & backend)	FREE tier	≈ ₹ 26,400 / year (Pro — as usage grows)
Admin panel hosting (Vercel)	FREE tier	≈ ₹ 21,000 / year — only if traffic demands
Razorpay (payment gateway)	≈ 2% per transaction	≈ 2% per transaction
Indicative total	≈ ₹ 10,600	≈ ₹ 35,000 - 56,000 / year

Maintenance & Support

PERIOD	COVERAGE	COST
Year 1	Bug fixes, OS & store compliance updates, monitoring, minor tweaks	FREE
Year 2 onward	Same coverage + up to 8 hours of minor changes per month. New features quoted separately, always before work begins.	₹ 8,000 / month
Annual prepay option	Twelve months of AMC, one month free	₹ 84,000 / year

Terms & Ownership

- Full source code and all platform accounts (stores, payment gateway, database) are owned by Aeden — no vendor lock-in.
- Each phase payment is released only after the milestone is demonstrated working on a live device or environment.
- Apple & Google developer registration should begin at kickoff (Apple's business verification takes 1-2 weeks, runs in parallel).
- Scope as listed above; additional features are estimated and approved in writing before development.
- All prices are exclusive of applicable taxes. Proposal valid for 30 days from the date above.
